

# MAHNCKE PARK

Neighborhood  
Association

Established 1979

**JANUARY 2022**

## THIS MONTH'S MEETING

This month's meeting of the Mahncke Park Neighborhood Association (MPNA) will be Monday, January 24, beginning at 7 pm, Lion's Field Adult Center, located at 2809 Broadway.

## **MONDAY, JANUARY 24, 7 PM**

### NON-PROFIT STATUS APPROVED

The MPNA's application for non-profit status was approved last month by the Internal Revenue Service. The designation will offer several benefits to our organization and members, including the ability to make tax deductible donations to the MPNA. We salute Mike Bandor for taking the lead on this successful effort, which was initiated almost 12 months ago. Congratulations & thanks, Mike!

### WILDFLOWER SEEDS PLANTED IN MAHNCKE PARK

Neighbors gathered in Mahncke Park on December 5 and planted three pounds of native wildflower seeds. The seeds were supplied by the Parks Dept. and included Texas Bluebonnet, Indian Blanket, Black-Eyed Susan, Prairie Coneflower, Clasp Coneflower, Lemon Mint, Mexican Hat, and Plains Coreopsis. This cooperative effort to re-establish native wildflowers in the neighborhood's signature park began over 20 years ago as a memorial to Funston Place resident Dana Waldman who died too young. The annual seed planting now serves as a living memorial to all loved ones and neighbors now deceased.

Seed planters last month included the following:  
Laura, Maru, & Bruce He of Parland Place;  
Tomas, Mateo, & Emmy Berry of Parland Place;  
Jasmin, Alexa, & Celeste Holmes of San Antonio;  
Ric Minks & George Grimes of Parland Place;  
Mary Yturri of Thorman Place; and  
Bruce Martin of Pershing Avenue.

And like every year, rain fell the following week.

### NEIGHBORHOOD WILDLIFE: COYOTES

An observant neighbor reported seeing a coyote trotting uphill last month before sunrise on Pershing Avenue near Old Austin Road. Some time ago, an equally observant resident reported spotting a coyote loping uphill in Mahncke Park – and another neighbor recently saw a coyote loitering in the parking lot behind IHOP at 3820 Broadway.

The varied habitat within our neighborhood supports a range of wildlife – some survive more successfully than others but all face challenges to their daily lives. Please be cautious when encountering wild animals for their sake as well as yours.

## SPECTACULAR SPECTACULAR

The SA Botanical Garden's Lightscape presentation ended its inaugural year on the evening of January 2. The combination of abundant holiday light displays and recorded music began November 19 with tickets priced \$16 - \$25; SABG members received a \$2 discount. Complimentary shuttle bus service transferred attendees between free parking lots at the University of the Incarnate Word and the Botanical Garden. Parking at the Botanical Garden was \$15. The local daily newspaper reported attendance projections of "about 95,000 to 105,000" for the six week event; this year was the first year of a five year agreement.

Residents near the Botanical Garden appreciated the off-site parking plan for event attendees, which substantially limited inconvenience due to on-street parking within the neighborhood; however, six hours of amplified, nightly holiday music on 90 second loop for six consecutive weeks could test even the most cheerful elf.

## PROPOSED CITY BOND ISSUE TAKING SHAPE

City Council is expected to identify a final list of projects January 20 to be included in a \$1.2 billion bond package, which will be voted on by the public May 7. To see a list of recommended projects by proposition category go to [www.sanantonio.gov/2022bond](http://www.sanantonio.gov/2022bond)

## YOUR TAX \$\$\$ AT WORK 2,102,881,864

Martin Luther King, Jr. Holiday is Monday, January 17; therefore, City Solid Waste Mgt. Dept. will not operate that date. Instead, recycling & organic recycling regularly scheduled on Mondays will occur on Tuesday, January 18.

## A GENTLE REMINDER

We are fortunate to enjoy weekly curbside pickup of our garbage, recycling and organic recycling. Occasionally, neighbors have received notices regarding placement of products in incorrect containers. For example, pet poop bags should be placed in garbage bin, not organic recycling bin. But it is fine to put used pizza boxes in organic recycling bins.

Please make an effort to move your bins away from the curb after City collection is complete with a target of having all bins relocated before next morning.
